7. Parent Questions/New Business –

- **Incident at LH and anti-hate concerns:** District is working on programing to teach kids how words and actions matter. Some of this includes the Don't Press Send program and other programming. Community enforced that discrimination has no place in our District.
- **Parent concerns raised:** Parents raised concerns about ongoing incidents of discrimination in our District and suggested that students and families should be aware of the disciplinary actions to discourage future actions.
- **Discussion** around students being upstanders so they feel comfortable and there is support in place to report incidents. Importantly, district need to figure out pathway for parents and families to feel supported if an issue arises. Possibility for SIT committees to discuss possible things the school can do to help support a good character culture. For example, creating an award for students that display good characters. This is an important matter that should have ongoing attention and added to the status and resolution report.
