CSH EDUCATIONAL FOUNDATION

COMMUNITY UPDATE:

Thank you to everyone who joined us on Friday for ***Encore for Education***, and to all who supported the Foundation in making the evening such a success.

The event was a strong reflection of our community and the Power of Partnership in action. Grant displays highlighted several of the tangible initiatives the Foundation has funded across the district, while our Youth Ambassadors shared reflections on their experiences and how the Foundation has enhanced their education.

It was especially meaningful to have so many of our school administrators in attendance, including Mr. Monastero, particularly during a week when they worked tirelessly to relocate West Side students following the fire. Their presence underscored not only the strength of our partnership, but also the resilience and dedication of our district leadership during a challenging time. As a Board, we remain committed to supporting West Side and addressing the needs of its students and staff in the weeks ahead.

We also extend our sincere gratitude to our generous sponsors and to the many community members who continue to support the Foundation and our mission. Your commitment makes this work possible.

GRANTS UPDATE:

There are a number of exciting grants in the works this month. We are excited to share them

with you at next month's meeting.

YOUTH AMBASSADOR UPDATE:

Interviews for Junior Board positions were held the week of 3/2 and students were notified of their positions the following week. All of the applicants in this year's interview rounds were outstanding. Congratulations to all who were selected.

The Youth Ambassadors will hold their first full meeting as a new board the week of April 20th.
