We meet the first Thursday of every month at 9am in the district office.

All of our meetings are open to the public, and are listed on the school calendar.

(coffee and refreshments are available)

We conduct CPC business and hear brief informational presentations from the various school groups. At many of the meetings we will have a rotation of guest speakers, including the Superintendent, school principals, and administration, depending on the needs and concerns of the schools and community.

PLEASE SEE OUR MONTHLY STATUS & RESOLUTION SHEET,
which lists current concerns and topics in our school district, and reports on their status.
